a little about me

I have worked at NCA Daycare and Preschool for almost 20 years. I am thankful for the opportunity to help your children learn and grow. Children are a true blessing from the Lord and I count it a privilege that you allow us to spend our time with them.

My husband Dave and I live in Hilton. We have four wonderful children and two very precious grandbabies. In my free time I enjoy hanging out at my home and spending time by the pool in the summer. Vacationing is always a highlight of my year. I enjoy going south and getting some nice sun. This year we welcomed two International Students into our home and it has been a new exciting adventure for us.
